DR. TOWNSEND'S SARSAPARILLA.

WONDER AND BLESSING OF THE AGE. The most extraordinary Medicine in the World!! This Extract is put up in Quart Bottles : if is six times cheaper, pleasanter, and warranted superior to any sold. It cares without vomiting, purging, sickening or debilitating the Patient.

THE great beauty and superiority of this Sarsaparilla over all other medicines is, that while it eradicates the disease, it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES We can safely recommend our establishment to the public for ever known, it not only purifies the whole system, and strengthens the person, but it creates a new pure, and rich blood: a power pos-sessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the two past seasons.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their musculm energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensapuffed, shall begin to match with his, either in softness, durability, tions, premature decay and decline, hastenining towards that fatal disease, Consumption, can be enturely restored by this pleasant remedy. New York, April 28, 1847. Dr. Townseno-I verily believe that your Sarsaparilla has been the means, through Ptovidence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantitels of blood, had night Sweats, and was greatly debilitated and reduced and did not expect to live. I have only used your Spraparilla a short time, and there has a wonderful change been wrought in me. I am now aide to walk all over the cny. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.
